| 2nd Dive in Fusion | | | |
| Still should have had a little more weight. | | | |
| Weight Configuration Belt: 5-3-3 | | | |
| Ankle: 1 | | | |
| My head was very cold the first part of the time. Dive turn back was called due to Keven's hands being cold. When I buy a dry suit I really should spring for dry gloves and possibly dry hood. I need to add holes to my hood for letting out air. Possiby see if I can get some type of crip in. | | | |
